## President's Note

Had a good time for July's meeting. Sorry I had to leave early though! Look's like the Pie Drive is cancelled for something else. Surprises me a store would say don't come because of too many people. Oh well, their loss in a time of short supplies!

Rathdrum days car show Saturday the 20<sup>th</sup>. I'll be there since I had such a good time at the Eastern Star show! Winning is so much

fun, but can get embarrassing for the number of times! See if I can make it another grand slam!

Welcome to Jerry Dormaier, 1952 MG TD, 1972 MGB, for joining the club. Have a couple more prospects nibbling on the hook. I'll see if I can reel them in, and I don't even fish in real life! Brit Bull, 11 Aug, Grants Park. Continuing to stress that if you haven't gotten your Entry Form in, you need to, since the time is coming fast!! No meeting in Aug, but Club BBQ and meeting in September, on the 14<sup>th</sup>. Will keep everybody informed. Brit Bull YEAH!!

Pie Drive: Diane Hofstadter reported that they are not as enthusiastic as before for a group of people to show up, so Diane is going to look for an alternative location.

There will be no August meeting because of BritBull. The club BBQ will be in September instead of August. So the next meeting will be at the BBQ on Sept. 14 at Terrace View Park at 13525 E. 24th, Spokane Valley, WA.

Meeting closed at 10:15 am.

# NWBCCC Monthly Breakfast Meeting

# NWBCCC Member Spot Light

(Maddy & Jim Houghton)

Hi, I'm Jim Houghton

Maddy and I have been part of the club since, I think, 2012. Time flies when you're having fun! I've had my 1960 Sprite since 1965 when my family bought it used from Jaremko Motors on Monroe Street. I still have the original sales invoice with Paul Jaremko's signature on it. My dad used to drive it to work for several years before I bought it from him in 1967. When Dad would let me, I drove it to high school and pictured myself as quite the cool kid on campus. After several color changes and wear and tear, my brother and I rebuilt it from bare metal in 2013 with improvements such as a 1275 motor, Datsun 5 speed and disc brakes. We also added new upholstery, relays for lighting, aluminum radiator and seat belts with shoulder harnesses. We've had a lot of fun with it in club activities and just driving it around. The best reactions come from children who think it is a toy car!

# NWBCCC Member Spot Light

(Maddy & Jim Houghton)

I retired from URM Food Service in 2006 and Maddy retired from WSU in 2014, where she taught Nutrition and Dietetics. I've held a couple of offices in the club and have been involved with BritBull since 2020. This is a great club and gets better with so many more people participating.

If you are interested in being featured in Oil Spot - monthly 'Member Spot Light', please let Randy Staples or Barb Woodall know. We would like a picture of you & your car and a short bio of you & your car. Thank you for volunteering!

# 2024 - RECENT EVENTS

## (Hayden Lake Drive—June 29)

On June 29th some 17 LBCs (with a couple SOBs) assembled at Yoke's in Post Falls ID for a drive around Hayden Lake. The weather was perfect, and there were, as they say, everything from Bugeye to Rolls Royce.

Drive leader Bill Puskas pauses the drive to allow everyone to get back together after going through town.

While at the pit stop, an alert Kootenai County Deputy cruised in to see "who was causing all the ruck-us." NWBC president Randy Staples raised his hand and was promptly put in cuffs.

The drive concluded at Bill and Mel Puskas' community picnic area. When we arrived, Mel had a big hamburger and hotdogs spread waiting for us with all the fixins'. She credits Gregg Upton for grilling the dogs and burgers. Bob Flatley contributed his signature lemon drop desserts.

## (Hayden Lake Drive—June 29)

Hayden Lake Drive leader **Bill Puskas** finally gets to relax and enjoy a cheese-burger. The winding drive around Hayden Lake that he led was beautiful, scenic and perfect for a caravan of LBCs on a perfect summer

Rally point hostess **Mel Puskas** brings out more hot dogs. They were good and went fast. Mel did the dry runs of the drive with Bill and typed up detailed directions which were passed out to the drivers and navigators. If you want to organize a drive, Bill and Mel have done the work for you!

## Southwest Idaho All British Field Meet 2024!

SEPT 21-22 SWIABFM2024

Hello, fellow British Classic Car Club Members,

I know that it is still early for the 2024 driving season and (like me) you may be working on that winter project, but I wanted to get the word out to you and your membership about the 2024 Southwest Idaho All British Field Meet (SWIABFM2024). The dates are September 21-22, 2024, and includes a drive, reception BBQ and a show at the Village at Meridian, Meridian, Idaho.

We plan to open registration on April 15<sup>th</sup> or earlier if possible. You and your members can get the latest information at <https://idahobritishcars.org/swiabfm2024> and can request that we add your name to our mailing list on that page.

I personally want to thank you for considering SWIABFM2024 for you and your members, and we are looking forward to a fantastic 2024 driving season.

## Southwest Idaho All British Field Meet 2024!

SEPT 21-22 SWIABFM2024

This beautiful Triumph will be at the Southwest All British Field Meet!

It is a 1953 Triumph TR2 with a commission number of TS1 LO, which means it was the first TR2 made with left-hand driving to be made. I'd bet many of you are familiar with its history but, if not, check out these [articles from Triumph Register of America](#) and [Moss Motoring](#).

Dr Phillip C Hoopes, of Salt Lake City, has agreed to register his TS1 for SWIABFM and it will be presented by Rich and Michele Weyland at our events on the weekend of September 21-22, 2024.

As you read the stories about the life of the TS1, you can see that it is a survivor and we are fortunate to have it at SWIABFM. I am sure that Rich and Michele will be happy to share the full story behind this British classic.

But SWIABFM is more than just showcasing a classic like the TS1, and all British motorized vehicles are welcome to join us for our events and car show. Regardless if it a new classic or a rough daily driver that is best described as "patina," come and share your story and visit with other British classic car owners!

### **Background – on work completed**

In 1986 move to Seattle I had Robin Purington at British European restore the frame and repair/rebuild the shocks and brakes. Below is a list of other items rebuilt or repaired + partial list of new parts purchased.

- Engine rebuilt prior to 1985 purchase, Casey's motor who rebuilt the transmission performed a compression test [170-150-170-160-160-180]
- The only gauge not working was the speedometer, which was rebuilt 1986
- Replaced badly damaged hood surround, had doors, fenders, lids dipped and repaired
- MOSS Motors ordered misc. including interior door panels, new gauge cables, new wiring harness, misc., dash components, etc.

## **1961 Austin Healey 3000 BT7**

### **My AH 3000 Story**

I bought this car in 1985, just a Mopar kid that wanted a fun convertible to drive for the summer. Once summer was over I was convinced that it needed to be torn down and restored. According to my brother Gene who had a TR250, it would be no big deal.

It ran like a champ when I first drove it (engine out of BJ8), first line of business was rebuilding transmission and the speedometer. The rest of the story is typical, spent lots of money starting with a frame up, but then life just got in the way, and yes, as you know it is a big deal.

There is certainly still work to be done, some parts needed, but this is not your typical barn find. It was originally brought to Spokane by its then owner from San Jose CA. Among the receipts he provided was one for the engine rebuild.
